Weekly Column – Hot Topic

Thanks!

Each week I look forward to writing this column; there is always so much information to share! But this week is different. This is by far the hardest column I have ever written.

The fact is, after being a law enforcement officer for more than thirty years—and police chief for the last eleven—I have decided to retire.

I am writing this column to say thank you. Thank you for supporting the law enforcement officers and other first responders who keep our community safe. Thank you for supporting the local community groups that do so much great work. Thank you for making my job as police chief so rewarding.

I love being part of this fantastic community. I can't think of anything better than to live, work and raise a family right here, and I am so glad I have had the opportunity to do just that. Looking back, I wouldn't change a thing.

A lifetime ago, fresh out of the Marines, I enrolled at Mendocino College in an effort to decide what to do next, and before I knew it I was working at the Mendocino County Sheriff's Office in the jail. That job started my career in law enforcement, and during the last thirty years I can't think of too many things I am prouder of than serving this special community. And by special, I really mean *amazing*. There's nothing like it anywhere!

I am proud to be part of a community that values displaying our nation's flag up and down State Street, honoring our veterans, coming together at a moment's notice to support our neighbors in a disaster, passionately supporting those in need, and hotly debating the issues of the day. Yes, Ukiah is a very special place.

It's a place where people pass tax measures like Measure P. By deciding to pay an extra \$0.50 cents for every \$100 dollars we spend in Ukiah, we ensured that Ukiah would be able to maintain quality police and fire services. We knew passing Measure P would mean a little less money in our pockets, but we made the choice anyway because we decided as a community that investing in public safety is worth it. On behalf of every first responder serving Ukiah—thank you!

I also can't begin to tell you how lucky I have been to work with so many great people.

I could not have asked for better law enforcement executive partners than Sheriff Tom Allman, District Attorney David Eyster, Judge Ann Moorman, and a whole host of others who work tirelessly each and every day to keep our community safe.

Thanks! (cont.)

Or community partners like Ukiah Unified School District Officials Deb Kubin and Jason Iverson, Ukiah Boys and Girls Club's Liz Elmore, Walk and Bike Mendocino's Neil Davis, and the dedicated leaders serving on the Adventist Health Ukiah Valley Advisory Board, Youth Project Board, Manzanita Board, Ukiah Rotary, the Mendocino County Public Health Advisory Board, Leadership Mendocino and many more. It is these committed individuals who selflessly work to solve our community's challenges.

As you can imagine, those who I am most proud of are right here at the Ukiah Police Department.

Do you realize that because of the fantastic work our law enforcement professionals do, we have reduced crime in Ukiah by 25 percent during the last five years? When it comes down to it, there is no goal more important than reducing crime in our community, and I could not be prouder of the work our staff does.

During the last decade, with the strong support of the Ukiah City Council and other civic leaders, we have truly achieved great things. At UPD, our core organizational values have guided our every action and our long-term strategic plan has helped us focus on what matters most: reducing crime, creating a crime prevention and special enforcement team, developing the quality people within our organization, building a strong succession plan for our organization, and many other important goals.

In the end, the thing I hope everyone knows is that the women and men of the Ukiah Police Department truly care about our community. They put their lives in danger daily to ensure our safety, and I feel so very lucky to have had the opportunity to work alongside them.

If you're at a crossroads and wondering what to do professionally, I encourage you to consider a career in law enforcement. We are desperate to recruit great people for our organizations. To that end, I am proud to say I have been offered a position as a civilian manager for the Mendocino County Sheriff Office's Professional Standards Bureau, helping to recruit and train Sheriff's Office employees.

I always wondered what I'd do when I retired. I am so grateful that Sheriff Allman is giving me this wonderful opportunity to contribute to both our local community and to the law enforcement profession. I am very excited to return to the agency that gave me my start; that took a young Marine and launched him into a life-long career in law enforcement. Now, I hope to provide that same launch pad for others.

Weekly Column – Hot Topic

Thanks! (cont.)

As I make this transition, I am happy to report that this column will make the transition with me. I feel very fortunate to have the support of the Ukiah Police Department and Mendocino County Sheriff's Office to continue to write a column each week. I enjoy writing about things that improve safety and strengthen our community. So starting next week, please look for our new, "*Staying Safe*" column.

Until then, please know how grateful I am to be part of this great community.

As always, our mission at UPD is simple: to make Ukiah as safe as possible. If you have suggestions on how we can improve please feel free to call me. If you would like to know more about crime in your neighborhood, you can sign up for telephone, cell phone and email notifications by clicking the Nixle button on our website: www.ukiahpolice.com.
